State Roofing Company
522 Hancock Ave. #337
Corpus Christi, TX 78404

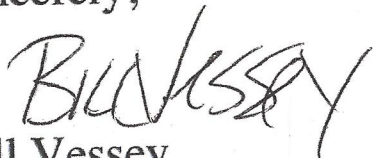

I had always dreaded the fact that someday we were going to need a new roof. When that time came, when time was running out to make a hail damage claim, it was a process I did not look forward to.

One of the best decisions I have made in a long time was hiring Chuck and State Roofing Company.

They did all the work, and I mean ALL the work, from dealing with a stubborn insurance company and saving us a huge out-of-pocket expense, to efficiently installing a quality new roof that neighbors have gone out of their way to compliment.

Need a new roof? My advice. Hire State Roofing Company and don't look back. It will be the best decision you've made in a long time.

Sincerely,

A handwritten signature in black ink that reads "Bill Vessey". The signature is written in a cursive, slightly slanted style.
